FDP – R for Data Science

Installations
Participants should have latest version of R and R Studio installed on their system. First install R and then R Studio as per instructions below.

Download R
We will be using the latest version of R released on 24-04-2020.
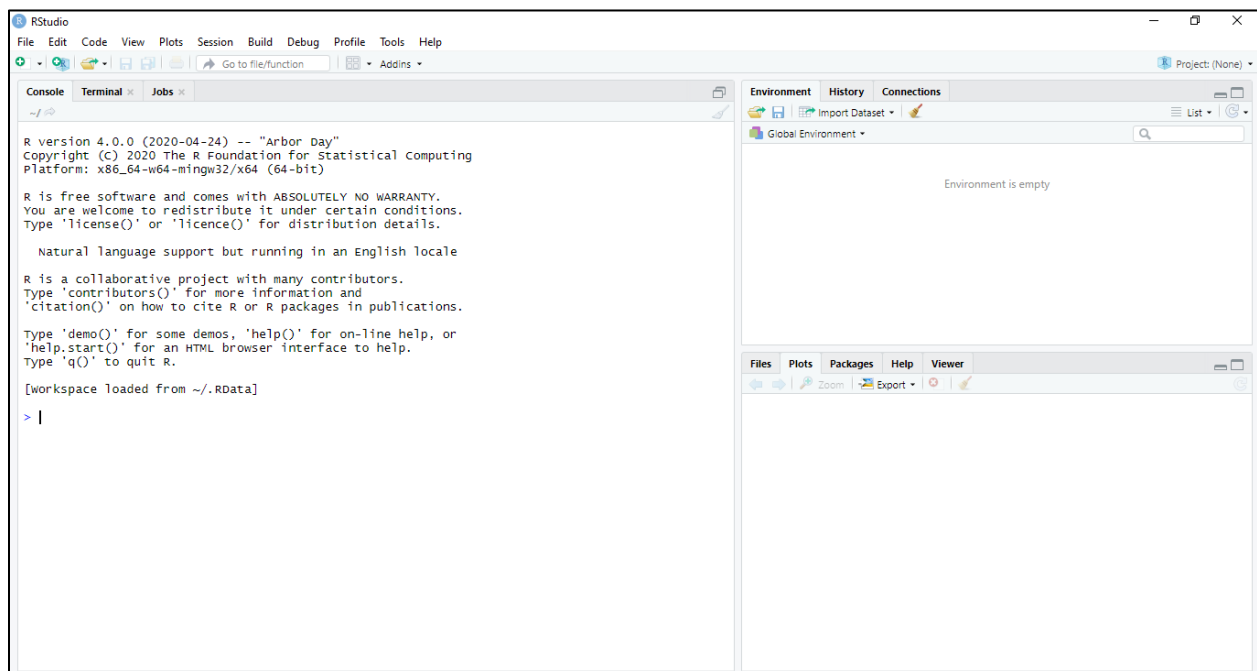

Windows users:
1. Link to download - https://cran.r-project.org/bin/windows/base/
2. Click on - Download R 4.0.0 for Windows
3. Complete the setup without changing any default

Other users - https://cran.r-project.org/

Download RStudio
1. Link- https://rstudio.com/products/rstudio/download/
2. Click on the DOWNLOAD under RStudio Desktop (Free)
3. Click on the DOWNLOAD button as recommend for your system (Step 2)
4. Complete the setup without changing any default

Click on the RStudio icon and if you see the below screen, you are good to start!

Study Material and Files
The content for the FDP can be downloaded from - https://github.com/DG1606/FDP2020 after 27th May.
